

FY 2024 vs FY 2025 - Volusia & Flagler Local Working Group Meeting Results:

FY 2024:

Please prioritize the local resource concern categories 1-16 to be considered by NRCS for FY 2024 program priorities:

Priority Rank

Source Water Depletion	1
Field Sediment, Nutrient & Pathogen Loss	2
Soil Quality Limitations	3
Fire Management	4
Degraded Plant Condition	5
Aquatic Habitat	6
Weather Resilience	7
Livestock Production Limitation	8
Pest Pressure	9
Terrestrial Habitat	10
Wind and Water Erosion	11
Concentrated Erosion	12
Inefficient Energy Use	13
Field Pesticide Loss	14
Storage and Handling of Pollutants	15
Air Quality Emissions	16

FY 2025:

Please list our recommended Top 10 local resource concerns to be considered by NRCS for FY 2025 program priorities:

Priority Rank

Groundwater Depletion	1
Wildfire Hazard from Biomass Accumulation	1
Plant Pest Pressure	3
Ponding and Flooding	4
Nutrients Transported to Surface Water	5
Terrestrial Habitat for Wildlife & Invertebrates	6
Nutrients Transported to Groundwater	7
Plant Productivity & Health	8
Feed & Forage Imbalance	9
Aquatic Habitat for Fish & Other Organisms	10
