

ANNIE'S PROJECT

EMPOWERING WOMEN IN AGRICULTURE

Our mission: To empower women in agriculture to be successful through education, networks, and resources.

Why Annie's Project?

This six-week course that is a discussion-based workshop bringing women together to learn from experts in production, financial management, human resources, marketing, and the legal field. Each session offers time for questions, sharing, reacting, and connecting with presenters and fellow participants.

The classes are relaxed, fun and dynamic way to learn, grow and connect with other women in agriculture.

"I took the class to gain a better understanding about agribusiness and how financial decisions impact our farm operation. I have a better understanding of balance sheets and the futures market...this class has improved communication with my spouse on concerns he works with on a daily basis."

— Linda

Wednesday Evenings from 6 - 9 PM

Light refreshments will be served.

UF/IFAS Extension Marion County, Ocala

UF/IFAS Extension Volusia County, Deland
